LATIN AMERICAN PERSPECTIVES

The Urban Informal Economy Revisited

Media, Politics, and Democratization in Latin America

Immigrants, Indigenous People, and Workers Pursuing Justice

Latin American Perspectives is a multidisciplinary journal that welcomes a variety of theoretical and political perspectives to analyze capitalism, imperialism, and socialism in the Americas and strategies to transform the region's sociopolitical structures. Most issues focus on a single problem, nation, or region, providing an in-depth analysis from scholars and participants in social change.

"Throughout the decades, *Latin American Perspectives* has been fulfilling a role of featuring critical thinking on Latin America. *LAP* explores in an analytical way the pillars of U.S. Imperialism, its domination, philosophy, and tragic consequences by building socialist and progressive thought. This is the secret of *LAP*'s force and vitality on the region."

—Ricardo Antunes, *UNICAMP, Brasil*
